SPECIALTY STRIP & OSCILLATING, INC. ANNOUNCES THEIR ATTENDANCE AT THE 2012 METALFORM EXPO SHOW IN LAS VEGAS, NV.

Masury, Ohio -- November 7, 2012 -- Specialty Strip & Oscillating, Inc., 1262 Standard Ave. announces their participation at the 2012 MetalForm Expo Show at the Las Vegas Convention Center in Las Vegas, NV on November 12-14, Booth #C957.

Specialty Strip & Oscillating, Inc., an ISO 9001:2000 Certified company, is a supplier of conventional slit and oscillate coils in cold-rolled low carbon, high carbon, alloy and stainless steel. They provide coils with 20 to 25 miles of continuous strip with capabilities to process up to 2-1/2" in width, coil weight of 5,000 lbs., face sizes 4" to 14", gauge from .009", welds annealed and ground, slit or deburred, straight patterned coil walls and coiled on steel liners, fiber cores or spools. Finishes are available in hot dip galvanize, Galvalume, electro, galvannealed or prepainted in cold-rolled strip and sheet. Customers can run a coil uninterrupted for 10 to 15 times longer than with their conventional ribbon-wound coils. This will eliminate downtime, coil end scrap loss, coil telescoping and tangling which in turn is a cost savings, more efficient and increases productivity. Specialty Strip & Oscillating, Inc. is under the direction of Thomas von Philp, President and Adam von Philp, Vice President.

To place an order, please call Tom von Philp or Adam von Philp at 866-658-5282, generalinfo@specialtystrip.com or log-on to www.specialtystrip.com.
